Guidance

Dr. Giguère noted that as Chair of the student Administrative Services Committee, he is aware of the potential for increased Guidance requirements emerging from the academic sector concerning failed students, retention programmes, etc.

Dean of Students

On behalf of Campus Ministry, B. Counihan expressed thanks to everyone who was involved in the memorial service.

During the month of December, 85 Christmas baskets with a total value of approx. \$7,000. were distributed to needy families.

Peer Helper Programme is off to a good start, even though the lack of space is still a problem.

Disabled Students - extremely busy with exams.

Financial Aid - bursaries are being received.

CCSL Awards Programme - 3 categories - Merit, Media and Outstanding Contribution. Composition of the committee:

Chair	B. Counihan
Faculty	A. Homzy
Staff	A. Kerby
Undergraduate students	J. Sankoff and George Walton
Graduate student	S. Paul

6. Varia

Smoking Policy - Professor K. Austin, Music Department has complained about the smoking in the Guadagni Lounge. Obviously, enforcement is difficult and if staff, faculty or even fellow students ask a smoker to butt out, the usual verbal response from the culprit takes the form of instructions of a biologically impossible nature and other abusive language. Shirley will speak to Mr. Barnabé to see if extra rounds can be done by security staff and Brian will make arrangements for individual NO SMOKING signs for the tables.

7. Council enjoyed the presentation of a student services video which was prepared several years ago. An up-dated version would be a useful orientation tool for students, faculty and staff. Following discussion, Council agreed that a general public relations committee for student life should be established in the near future.

8. Date, Time and Place of Next Meeting

January 19, 1990 - 12:00 noon - location to be announced.

9. Termination of Meeting

It was duly moved, seconded and unanimously approved that the meeting be adjourned.
